CALABITOES.

The unexpectedly and unrealow price of cotton threatens the planters and factors of the South with ruin. Last year, the planters, for the most part, made little more, many of them less, than their expenses. Very many of them continued in debt, more or less easly lamed by the experiment as to be than at present, its cultivation in the

Much disheartened, the planters nev ertheless resolved to make another effort. Congress refused to relax its gripe upon them by repealing the act that robs the planter of a large per centage of the price of his cotton. HORACE GREELEY protested against the repeal of the tax, on the ground that the country could not afford to give up the revenue so realized. by That the collection of the tax was a rob-

planters and land-owners of the South, so that their estates may be sold and divided and who remember what your ded in small parcels among many own-fathers were, and what the race to which sets, the result of this year's planting you belong has achieved in the world, but the triumph of their policy. As little for what did you fight? Did you fight. put an end to the cultivation of cutton war of ideas? Did you fight to prove as much as possible in production in the clasp hands with heroic and defeated

the plan will prove a success. They are borhood? How does it profit you to disrapidly being rained and impoverished. frauchise your neighbors and accept the Aiready these lands are unsaleable and stupid, beastly and Brentious African almost worthless, and unimproved tracts instead as your political peer that he are not worth the taxes, while a large may soon demand social equality? Will proportion of the planters are prepared to these be truer friends to you than those abandon the cuitivation of cotton. How who lought you fairly, submitted in good successful the experiment is likely to faith when conquered, and would like prove in other respects, as, for example, you better than ever, because they fought in giving peace and quiet and content to you, if you would let them do it? You the country thus purposely ruined, may have preferred revenge to reconciliation; be guessed by every one who knows the and he who does that always sells his Night Dispatches. results of a similar policy pursued by soul to the devil and punishes himself England towards Ireland. We do not Forgiveness is better than revenge. It in the least doubt that the Congressional is better to love than to hate. Your late Radicals would rejoice to see the South enemies do not want to rule you or to gration, and a million of her sons exiles they only ask to be enfranchised. They in the canal, only with twenty-seven inches in other lands.

pecied to attain this object, of destroying of Tennessee. And you refuse this, made on Change shall be for each, on the cultivation of cotton by large planters using the labour of freedmen, with-out for a time increasing the price of ploffer you for private profit, that there the State, lecated in Grafton, Carroll and cotton to their manufacturers. We do should be peace. In what respect are not suppose that they calculated that the your interests and ours antagonistic?

Coos countles, ware offstered, Carrell and Coos countles, ware offstered, Coos countles, price of cotton would decime as it has price of cotton would decime as it has Winstpoerer benefits us will benefit you. Are not you and those against whom you bench of the Supreme Court.

Manufacturer to increase the price of the could be bench of the Supreme Court. done. Court, parish of St. Laudry, for being
J. R. RUHARDES,
A. BLOOM,
Committee

Comm countries would enable the New England manufacturers to obtain it in any desired quantity, from other sources than the lands of the South, and at sufficiently over and dishonoured by a desired lands of the South, and at sufficiently or subjugated by a paground of officers, in violation to Special of MEW ADVERTISEM'TS

The declension in price of cotton to a lty? Are you sane, or have passion and point below all reasonable expectation is, no doubt, in part owing to over-estiis, no doubt, in part owing to over-estiis, no doubt, in part owing to over-estiis and frauda of those who are enriching themselves at the expense of the demic. mates of the crop of the present year. State, made you mad? The current opinion, produced by fraudulent means for sinister purposes. is that it will amount to 2,500,000 bales. Ing directions for growing onions:

One half bushel common salt, one number of bales are to come from. The pound sulphur, two ounces earbonate of number of bales are to come from. The annual to be applied at one time—the first application to be splied at one time—the first application to be subject at an early day, in session, upon two million bales; but in fact, nearly a made as soon as the onions come up. If the filling bales; but in fact, nearly a third of that was of the crops of former years. Now very little old cotton remains on the bands of planters, to go forward to market. We doubt whether as much land was planted in cotton this year as in 1856, and there was certainly more available and efficient labor then than there is now. The negro women have entirely ceased toding in the fields, and multitudes of the men have swarmed into the towns. Registration, political meetings and other devilments have

heads, and taken ents of country done great

We do not profess to know much of the vateries of gambling in produce; but it easy enough to understand that the nen who wish to buy cotton low in order iy and by to sell higher, knowing the odition of the planter, and that his s rapidly as it can be baled, will resort | polls.

sercial article of October 11, says: cotton of one farthing per pound seem to flered has been taken; but this "all' reales, transactions, cannot be expected uring the continuance of sickness. Cot-
